

INTRIGUE REAR-PROJECTION SCREEN

Future projection meets today! The Screen Solutions Intrigue Transparent Rear-Projection Screen establishes a futuristic atmosphere through stunning, high-definition, 3D holographic projection images that appear to float in space. Intrigue is a holographic projection screen that truly captivates its audience.

When no image is being projected, Intrigue is nearly transparent in appearance. The popularity of holographic rear-projection screens has been growing rapidly as more of today's hottest retailers, progressive architects, and marketing companies turn to them when building brand awareness. The ability to mold and shape these transparent rear-projection screens means they can be used to accommodate even the most unique projects and applications.

Common Applications for Intrigue Screens

- Holographic Rear-Projection TV Set Displays
